

# BE THE BIGGEST LOSER IN THE BUSINESS!

WITH

## *Finesse* **POLYFLOOR**

A versatile new Polypropylene  
flooring panel for the  
transport sector

- Massive weight saving benefit to vehicle converters versus plywood – only 3400g per square meter
- Completely waterproof
- Very strong, due to its bubble core construction
- Available in black and grey anti-slip
- Supplied in 11mm x 3220mm x 1850mm sheet size
- Completely re-cyclable
- Perfect for van floors

Distributed throughout the UK exclusively  
by **Advanced Technical Panels**, part of the  
**James Latham Group**
